

ENVIRONMENTAL POLICY

Business Eco Ltd is an environmental and integrated management consultancy company, endeavouring to provide reliable environmental advice to a range of businesses. We are committed to promoting positive environmental practice, and particularly to demonstrating that this makes good business sense.

Business Eco Ltd is a service based company. Like all businesses, our daily activities have an impact on the environment. We aim to reduce adverse effects wherever we can, recognising that as an environmental consultancy we have an obligation to set a good example to other companies.

- A. We are committed to continually improve our environmental performance, we aim to comply with all relevant environmental legislation and ensure that the prevention of pollution is an integral part of our working practices.
- B. Business Eco Ltd is committed to:
 - 1. Ensuring all employees are aware of this environmental policy and understand their responsibilities within it.
 - 2. Providing a high standard of environmental advice to all customers, working within the IEMA code of practice.
 - 3. Reducing office waste (for example, by increasing use of computers for information storage and editing draft documents, and by using both sides of paper whenever possible).
 - 4. Using recycled or environment friendly paper whenever possible, and favour the use of suppliers of office materials who are committed to environmental good practice.
 - 5. Recycling and reusing our waste, where possible.
 - 6. Using energy efficiently.
 - 7. Minimising fuel consumption by careful planning of journeys and use of vehicles.
 - 8. Using public transport wherever practicable.
- C. This policy will be implemented by the setting of targets and objectives, which shall be reviewed annually. The environmental policy shall be available to the public on request.
